Investments

The stock market is on a down turn. So that means stocks are on sale. So be careful in the market when you buy. I would suggest get in and out of stocks because of volatility.

*If you want an easy sock to buy, get **FAGIX with Fidelity account.***

*Debt Elimination is the best ROR because if you paid off Credit Card Debt and Loan Debt at 10-30 %
You save 10-30% it is **Guaranteed ROR.** So, paying down debt is the best investment right now because the market is so weird.*
