Stocks/ Investments

The President is passing tariffs on other countries which is driving the stock market down.

What does this mean?

It means stocks will be on sale for a while- but when he lifts the tariffs, they will shoot up sky high – so buy low and sell high.

The stock market is on a down turn. So that means stocks are on sale. So be careful in the market when you buy. I would suggest get in and out of stocks because of volatility.

If you want an easy sock to buy, get FAGIX with Fidelity account.

The stocks I buy are around a \$1 because the stock exchange have a rule if you don't get to \$1 in 6 months to 1yr they kick you out.

So, if you buy a stock under \$1 you have a good chance it will go up.

The stocks I have bought and are watching are:

*Debt Elimination is the best ROR because if you paid off Credit Card Debt and Loan Debt at 10-30 %
You save 10-30% it is Guaranteed ROR. So, paying down debt is the best investment right now because the market is so weird.*

Team Building Info

I would like to do a live Meet and greet with team members for 3rd and 4th quarter.

We can meet at

- 1) restaurant -Mc Donalds / Buffet etc*
- 2) Rent Airbnb home – have home party/ training on weekend*
- 3) Some one open up home for everyone (home party)
I have projector and materials – just need a place*

A lot of people need financial help but don't trust strangers / they trust people they know and can see someone applying principals that are working and providing good fellowship like church.

We are in a new year!! Don't give up and keep fighting and stay focus!!

You CAN DO THIS!!!

Continue to Fast and Pray and work hard and you will win
in **Jesus Name AMEN!!!**
