Get Rich Step 1- Emergency Fund

If I can't convince you to stop spending every dime you make – You will never get Rich!!!

A) Starter Emergency Fund – Starter$100/ $500 in 30 days
B) Second Level Emergency Fund - $1000-$5000 in 6 months
C) Longterm Emergency Fund- 3-6 mths living expenses- $10,000- 50,000 or more 1-2yrs

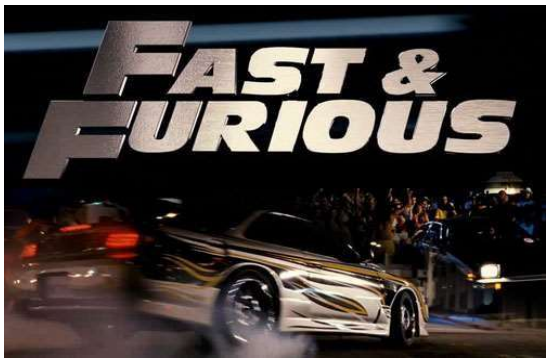

Go to a movie/ Mini Trip/ Etc Enjoy Life!!!- Minimize Stress Balling on budget- I plan to go to Braves Game for Free!! Just hang outside the ball park they show the game on a big screen TV

Here is a good debt elimination plan!!!

To pay off credit card debt fast – Pay on credit card

1) Every Day $5-10 ($5x5days a week=$25 a week x 4 weeks=$100 a month less debt and interest
2) Every Week $10-25($10x4 weeks=$40 a month less debt and interest)
3) Every Other Week $25-50($25x2 weeks= $50 a month less debt and interest)

When you pay down debt 2 things happen

1) You give away less money every month = more cashflow 2) Your credit score increases- it is a Win/Win

It's like Chopping down a big tree -One chop at a time and eventual it will fall down- AMEN!!

Fast Money Management Plan

Did you cut cost this month to save money?

Here are some ways to save $100-$1000 a month

Car Insurance- Shop around every 6 months / Raise Deductible
Raise Car Deductible to $500-1000
Raise Home Deductible $1000 -$10,000

Cut back on Eating Out

Use Coupons / Apps/ Cheaper food / Restaurants

–Internet- Cable-

Shop around for Cheap Internet
T-Mobile and Verizon do $35-50 internet
Do you need cable? Disney + / Hulu/ Netflix
If you have multiple Apps, they can cost $ 30-$100 a month

Life Ins

Do you have Life Insurance?
If not, you need to get some because you will die some day and make someone Poor or Rich?-
Bible says you should leave an inheritance for your children , children – How can you do that being broke and in debt
If you have life insurance, see if you need to change it base off lifestyle

Utilities / Rent / Mortgage

Cut your hot water heater off to save 30% on electric and Gas
If rent is too high -MOVE!!!- Down size –
Stop trying to impress others- Even if you own a home-
you just rent from the bank/ Mortgage company
you can sell it and rent somewhere else for less!!!

Smart Income Plan

Change w4 on Job to pay less in taxes
2 ways to do this
1- start a Myecon business($50 a month) and tax plan deductions to put $100 -$500 on paycheck

2 -Don't start business and fill out correctly to get money for church donation/ charity/Mortgage/ retirement etc. which will give you $50 -$200 a month

MyEcon Share Plan

If you want to make some extra income why not tell people how to make more money by being a smart with their own money.

You just have to get the word out about your business.
Brag on your success –
Debt elimination – How you paid down your debt
Better credit- by paying on debt your score went up –
or fixed your credit
High rate of return on investments etc.
All you have to do is share a txt message and tell others!!!

Start side hustle

-Uber/ Lyft /Walmart Delivery/ Amazon/ Uber eats etc./ Other business / Part Job UPS etc. Just be smart with the money

Stocks/ Investments

Fall Investment Strategy

Because the stock market is so wild – Up and Down every day and every month. I plan on traveling over the next 6 month and I can't baby sit stock like I want to, I am buying FAGIX stock with a ROR 8-10% till I find more time to play in stock market. I plan to buy $20 a week over the next 6 month. If you have stock you want to buy, go ahead but you might have to hold for a while because of the war in Iran.

Stocks I am watching and buying:
AMC- Range from $1-3
BBGCF – Range from .05-.12

News and Notes:

Mortgage payments are being paid late and foreclosures are going up. By late this year early next there will be a lot of homes on the market so if you want to buy a home cheap or cheaper prepare now.
